CONDITIONS OF SALE

1. The Cattle will be exposed separately according to the numbers in the following Catalogue. The Auctioneers reserve the right to refuse any bid without assigning any reason. The highest offerer of each lot will be preferred to the purchase (subject to Article 3)—each offer exceeding the former by at least one guinea. All entries must be clearly tattooed in the ear with their correct tattoo letters and numbers in accordance with the Regulations of the Shorthorn Society, and any animal found not being so tattooed will be reported to the Directors of the Scottish Shorthorn Breeders' Association, and such animal may be rejected from the Show and Sale. Twins must be so described, also whether twin with a bull or heifer.

2. The pedigree of each animal is guaranteed to be correct and registered or accepted for registration in Coates' Herd Book by the person whose name appears as the Exposer, but every animal is sold subject to all faults otherwise, with the exception that if a bull has only one Testicle down, the Owner must make intimation to this effect in the Catalogue. No liability whatever is undertaken by the Auctioneers for the statements appearing in the Catalogue or made at the Sale. The Exposer who supplies such statements is alone responsible for any error or mis-statement. Animals affected with any disease of an infectious nature or animals out of an infected Herd are strictly prohibited from being brought to the premises occupied or used by the Company at the time and should any such be brought, the Owner or Consigner will be held responsible for all damage or loss occasioned thereby.

3. The Exposers reserve the right to fix a reserve price, and to announce same before the bidding begins or during the time of the bidding or at the conclusion thereof. The right to bid by or on behalf of the Seller in terms of the Sale of Goods Act, 1893, is expressly reserved. Every animal must be the *bona fide* property of the Exposer at the time of Sale.

4. Immediately after each purchase is declared, the risk of the animal shall be exclusively with the Buyer, and it is declared that until a settlement shall be made in terms of these Conditions the delivery of the animal shall be suspended. The right of property shall not pass until the price is paid.

5. Immediately after the Sale all lots must be paid for in cash to the Auctioneers. The price being paid, each lot shall be taken away at the Buyer's expense within one day after the Sale thereof. Lots shall only be removeable from the Auctioneers' possession on a written order from their clerk, and any lot removed in contravention of this condition may be recovered *brevi manu* by the Auctioneers.

6. Should any buyer fail to pay for and remove his purchase in compliance with the above Conditions, the Auctioneers in their option may either (a) sue the Buyer for the price and interest thereon at the rate of *Six per Centum*

per Annum and for the keep of, and any other expense incurred by them in connection with such purchase, or (b) re-sell the Lot either publicly or privately and recover from the defaulting buyer the deficiency (if any) attending such re-sale and interest thereon as aforesaid together with the keep and all other expenses. In either case, the Auctioneers shall have the right to sue at their own instance without the consent of the Owner or Consigner, and no defence whatever in such action shall be competent to the Buyer who shall have recourse against the Owner or Consigner alone.

7. If any animal be sold with the option to "Test," such condition shall not operate to suspend the sale or the passing of the risk but shall have effect only as follows:—

- (a) The condition shall be provable only by entry in the Auctioneers' Sale Roll.
- (b) The option to test shall only operate in the case of bulls realising 75 guineas or over, and females realising 50 guineas or over. The Purchaser may require the Intradermal or Subcutaneous Test for Tuberculosis. The Purchaser may also require the animal to be submitted to an Agglutination Test for Contagious Abortion at a Laboratory approved by the Ministry of Agriculture, and to a test for John's Disease with the biological product known as Johnin. Notice in writing of the intention of the purchaser to carry out such tests must be given to the Auctioneers before, or immediately after, termination of the Sale.
- (c) The test shall be made by a Veterinary Surgeon to be mutually chosen between the Buyer and Seller or, failing their agreement, to be chosen by the Auctioneers.
- (d) The test or tests shall only be made when the animal is (in the opinion of the chosen Veterinary Surgeon) in a fit state for testing. The time for testing shall be limited to three weeks after Sale, with power, however, to the Auctioneers to extend the period of testing from time to time if they, after hearing the chosen Veterinary Surgeon, deem such extension reasonable.
- (e) The declaration of the chosen Veterinary Surgeon that the animal has been duly tested and the result of his test shall be final and binding on both Seller and Buyer.
- (f) If the animal be so declared not to have passed the test, the Buyer shall have the right to require the Seller to re-purchase the animal at the price of the original sale. Such requisition shall be notified in writing to the original Seller, and from the date of receipt of such notice the risk and expense of the animal shall be transferred to him.
- (g) In any case where the option to test is exercised, the Auctioneers shall be entitled to retain the price until the result of the test is declared.
- (h) The expense of any such test or tests shall be borne by the Purchaser.

8. Should an Exposer wish to warrant a bull as being a good server and stock-getter or such other qualified warranty as the Exposer may wish to give, such warranty shall be included and shall form part of the description of the bull as shown in the printed Catalogue. Should a warranty of good service and stock-getter be given, and should it be established subsequent to the Sale that the bull is incapable of service, or while capable of service is incapable of getting stock, a Purchaser shall be entitled, within sixteen weeks from the date of the Sale, to intimate such incapacity to the Vendor, and if such incapacity shall be proved by a Certificate of a Veterinary Surgeon mutually chosen, the Vendor shall be bound to accept delivery of the bull and refund the Purchaser the full purchase price of the bull. To establish a Claim under this condition, the Purchaser must give notice of his claim within sixteen weeks of the Sale. Should the Purchaser and Vendor not agree upon the appointment of a Veterinary Surgeon to examine the bull, the Auctioneers shall appoint a Veterinary Surgeon for this purpose and shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid. In his Certificate the Veterinary Surgeon must state that he has examined the bull, that its impotence or incapacity is not due to injury suffered or illness contracted since the purchase, and that he has also examined the cows or heifers upon which the bull has been tried and found them in a normal breeding state or condition, and he shall give his reasons for declaring the bull ineffective and incapable of getting stock. Notwithstanding the right of the Purchaser to return the bull to the Vendor on the ground of impotency or incapacity, the Vendor shall in no case be liable under this condition for a sum exceeding the amount for which the bull was sold (plus any expenses which may be awarded by the Auctioneers against the Vendor in terms of this paragraph) less its saleable value at the date of the Veterinary Surgeon's Certificate. In respect of bulls purchased for export, no claim under this Article shall be valid unless made prior to the shipment of the bull or within sixteen weeks of the Sale, whichever is the earlier date.

It shall be understood that this guarantee does not operate where a bull from an Attested Herd is sold to go to Non-Attested Premises.

9. All females born after 1st August, 1953, must be certified to have passed the Agglutination Test for Contagious Abortion within three months of date of Sale, or must have been vaccinated. The blood samples for the Agglutination Test must have been taken by a Veterinary Surgeon and submitted by him to an approved laboratory. Animals having passed the test must not, prior to the Show and Sale, come into contact with any animal that is known to be infected with Contagious Abortion. The entry of any animal which has not passed the Agglutination Test but which has been vaccinated, can only be accepted providing that one of the following certificates (signed by a Veterinary Surgeon) is supplied:—

- (a) That the animal was inoculated with Br. Abortus Vaccine No. 1 (Strain 19) when between four and eight months old and within three years of date of Sale, or

- (b) That the animal having passed the Agglutination Test was then vaccinated within fourteen days with Br. Abortus Vaccine No. 1 (Strain 19) when over eight months old and within three years of date of Sale, or
- (c) That the animal having been previously vaccinated in accordance with either (a) or (b) was re-vaccinated within three years of the previous vaccinations and not more than three years prior to date of Sale.

10. All cows and heifers that are stated in the Catalogue as having been served or artificially inseminated not less than twelve weeks before the date of Sale, or stated as having been running with a bull between dates (the later of which is not less than twelve weeks before date of Sale), will be guaranteed to be in-calf to the service date or between dates and to the bull stated in the Catalogue, unless any alteration is announced at the time of Sale. Heifers which have not had a calf and which are sold unserved shall be so guaranteed. All claims which may be competent under this Condition must be intimated to the Auctioneers within sixteen weeks of the Sale, but in respect of females purchased for export a claim must be made prior to the shipment of the animal or within the said period of sixteen weeks whichever is the earlier date. To establish any claim under this Condition the Purchaser and Vendor shall mutually agree upon a Veterinary Surgeon to examine the animal, and failing agreement a Veterinary Surgeon shall be appointed by the Auctioneers. In his Certificate the Veterinary Surgeon must state that the condition of the animal was not due to any injury or disease contracted since the Sale. Should a claim be established and made as a result of the Veterinary Surgeon's Certificate the Vendor shall be bound to accept delivery of the cow or heifer (as the case may be) and refund to the Purchaser the full purchase price of the animal which shall be at the Vendor's risk and expense as from the date of the notification to the Vendor of the Veterinary Surgeon's decision. Failing agreement between the Vendor and the Purchaser the Auctioneers shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid.

11. No undertaking of the Auctioneers or their servants to take charge of any animal after the Sale or to forward it to its destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of the foregoing conditions.

12. If any dispute—other than (a) a dispute or question relating to the conduct of the Sale and (b) a dispute for the settlement of which provision has been made in terms of these Conditions—shall arise regarding any Shorthorn animal registered in Coates' Herd Book and sold at this Sale, such dispute shall be referred to the Council of the Shorthorn Society of Great Britain and Ireland as sole Arbiters for settlement, and the decision of the Council shall be final and binding on all parties to the dispute.

13. Private Sale. Each animal entered in the Catalogue must be offered for sale by Auction before any private sale shall be allowed or recognised by the Auctioneers. The usual commission must be paid on all animals afterwards sold privately within the premises of the Auctioneers.

14. Without prejudice to the foregoing Conditions of Sale it is hereby expressly declared that the Exposer by selling and the Purchaser by purchasing any animal in terms of the Conditions of Sale shall be bound by the above Conditions of Sale and shall be bound, where a dispute is referred to a Veterinary Surgeon, to accept the verdict or decision of the Veterinary Surgeon as final and binding on both Exposer and Purchaser. Neither party shall have any recourse to law in respect of said dispute otherwise than on the ground of fraud.

15. The Auctioneer is appointed Judge of the Sale, to whom are hereby submitted all disputes and differences of any kind which may arise at and in relation to the Auction, either between Exposers and Offerers or among Offerers themselves. His decision shall be final and binding on all parties.

SPECIAL PRIZES

Class XVII.—Champion Heifer—The “Dunmore Park” Challenge Cup

A Cup, to be known as the “Dunmore Park” Challenge Cup, presented by the late Mr. P. Forbes Jones, of Dunmore Park, Larbert, for the Best Shorthorn Heifer, bred by the Exhibitor, and calved on or after 1st December, 1954. The Cup to be won outright by an Exhibitor winning it Three Times in succession, or Five Times altogether, not necessarily in succession. Animals competing must have passed the Tuberculin Test.

Class XVIII.—Best Three Bulls—Auctioneers’ Challenge Cup

A Silver Challenge Cup, the property of the Auctioneers, to be competed for annually, will be given for the Best Three Bulls in the Showyard, calved on or after 1st August, 1955, and bred by the Exhibitor or bought in as calves, and to have been in the Exhibitor’s possession at least three months previous to the date of the Show.

Class XIX.—Best Three Bulls by same Sire— The “Pittodrie” Challenge Cup

A Cup, to be known as the “Pittodrie” Challenge Cup, presented by R. Laidlaw Smith, Esq., Pittodrie, Pitcaple, Aberdeenshire, for the Best Group of Three Bulls by the same Sire, the Sire and Dams to be in the possession of the Exhibitor at the date of the Show (death of the Dams or Sire in the Owner’s possession not to count against an Exhibitor). The Cup to be won outright by an Exhibitor winning it Three Times in succession, or Five Times altogether, not necessarily in succession.

Class XX.—Best Five Bulls—The “Lovat” Cup

A Cup, to be known as the “Lovat” Cup, presented by Brigadier The Lord Lovat, D.S.O., M.C., Beaufort Castle, Beauly, for the Best Group of Five Shorthorn Bulls, bred by an Exhibitor, to be won Five Times in succession before becoming the Breeder’s property outright.

Class XXI.—Senior Champion Bull—The “Millhills” Cup

The Cup, to be known as the “Millhills” Cup, presented by the late Mr. D. M. Stewart, Millhills, Crieff, for the Best Shorthorn Bull bred by the Exhibitor, and calved before 1st March, 1956, and not exceeding 2½ years old. The Cup must be won either Three Times in succession by any one Exhibitor, or Five Times altogether, before becoming his property.

Class XXII.—Junior Champion Bull—The “Second Linzee Gordon Trophy”

The Cup, to be known as the “Second Linzee Gordon Trophy,” presented by Mrs. Claeson-Gordon, of Cluny Castle, for the Best Shorthorn Bull bred by the Exhibitor, and calved on or after 1st March, 1956. The Cup must be won either Three Times in succession by any one Breeder or Five Times altogether, not necessarily in succession, before becoming his property. The Cup to be returned to Macdonald, Fraser & Co., Ltd., Perth, before 1st January, 1958.

Class XXIII.—Supreme Champion Bull—The “Uppermill” Challenge Cup

A Cup, to be known as the “Uppermill” Challenge Cup, presented by Mr. James Durno, Uppermill, for the Best Shorthorn Bull, not exceeding 2½ years old, bred by the Exhibitor.

CONDITIONS OF COMPETITION FOR ABOVE CUP

Animals must be entered for bona-fide sale at a Reserve Price not exceeding 100 guineas, and may not be bought back by the Exhibitor or return to his Farm or Herd. The Cup must be won Three Times by any one Breeder, but not necessarily in succession, and by different Bulls, before becoming his property. The Cup to be returned to Macdonald, Fraser & Co., Ltd., before 1st January, 1958.

The "South Africa" Trophy

Presented by Mr. Willem van Niekirk, Roberts kraal, Cape Province, to commemorate the first occasion—1955—on which a South African Judge officiated at Perth Bull Sales, to be awarded annually to the winner of the October/November Class, that being the Class in which Mr. van Niekirk found the Supreme Champion.

The "Herdsman's" Cup

This Cup will be known as the "Herdsman's" Cup, presented by Señor A. M. Flores Pirán, Agricultural Attaché to the Argentine Embassy, London, to the Herdsman who brings out the Champion of the Show. The Cup will be presented in perpetuity, or may be won outright by a Herdsman who wins it for Three Years in succession, and is to commemorate the first occasion on which an Argentine Judge was responsible for the classification of Scotch Shorthorn Bulls at Perth.

The Calrossie Prize for Herdsmen.—£5 will be given by Capt. J. MacGillivray to the Herdsman in charge of the Champion Bull.

RULES OF COMPETITION

N.B.—Only one attendant with each animal will be allowed in the Judging Ring

Kirkton Heir (sire, Kirkton Baronet; dam, Augusta Flora by Naemoor Marshal) is the sire of the reserve female champion sold at Perth in February, 1953, for 750 guineas; of the 1st, 2nd, and 3rd prize-winning bulls; and of the reserve group of three bulls by the same sire. He has an outstanding head, and has proved a most potent sire.

Cruggleton Justinian, purchased for £4410, is sired by Calrossie Harmony, the sire of Calrossie Welcome, the famous stock bull at Calrossie. Cruggleton Justinian's dam, Jealous Elsie, by Cruggleton Willingdon, was sold at the Cruggleton Dispersal Sale for 600 guineas. Cruggleton Justinian has been used successfully in the Ballathie Herd for the past four years, and has recently been sold to one of the leading herds in Australia. Kinellar Nigel has been purchased to follow up on the good work done in the Ballathie Herd by Cruggleton Justinian. Kinallar Nigel is sired by Gallant Marshal, the sire of the highest-priced bull at the 1956 Sales, and of the group of bulls with the highest average at the same Sales.

Cruggleton Pirret, a prize-winner at Perth in 1953, was the last Marshall-bred bull to enter the ring, where he made 4400 guineas, the second-highest price of the Sale. Used for two seasons in the Beaufort Herd, his first four calves, sold at Perth in 1955, won four prizes, including two 1sts, and sold for an average of £2000, while his white Augusta heifer sold for 700 guineas (top price for females), as well as gaining a 1st prize ticket. In 1956, two more calves sold well, and they were both bought as stock bulls for the well-known herds of Balbithan and Kentwyns. In the interval, Pirret was sold at a high figure to Mr. R. E. Smith, of Texas, U.S.A.. At the Beaufort Draft Sale at Perth in October, 1956, 13 of his heifers averaged £291.

Cruggleton Pirret—see notes to Lot No. 91.

Beaufort Collector was a 3rd prize winner at Perth, and also secured a Ticket at the Royal Highland Show at Inverness in 1956.

Cruggleton Pentland Firth (a full brother to Cruggleton Bonn) was bought privately for 4000 guineas, and bred with great success for three seasons in the herd, after which he went to Duncrahill at a very high figure. His sons include Beaufort Bulldozer, sold at 5000 guineas; Beaufort Broadstairs, sold at 4300 guineas; Beaufort Blackthorn, Bartender, and Breakwater, all sold for 2000 guineas; and Beaufort Benbow, Bogoak, Blackstone, Billboard, and Barony, who all made high prices, and have proved themselves successful stock bulls at home and overseas. At the 1951 Draft Sale his heifer calves averaged 400 guineas, and many of the best cows retained in the herd are by him. In the show ring, Pentland Firth was 1st and reserve champion to Calrossie Welcome (also out of a Cruggleton Perfect cow) at the Royal Highland Show at Dundee, and he later won championships at Keith, Turriff, and other local shows. His sons have won championships at Smithfield and Edinburgh.

This is a heifer's first calf.

Beaufort Captive won the Casares Cup at the Royal Highland Show at Inverness in 1956.

Burnton Bankbook, 1st and supreme champion at Perth, was bought for the Beaufort Herd at 7300 guineas in 1954. After a year at stud, and in only fair condition, he was pulled out to win the supreme championship at the Royal Highland Show at Edinburgh in 1955—a very creditable performance. His work has not again been interrupted, and Bankbook is breeding exceptionally well, his heifer calves being quite outstanding. At Perth in 1956, Burnton Bankbook's name figured in the list of successful sires—his first crop of bull calves averaging 1013 guineas, while 14 of his heifers, sold at the Beaufort Draft Sale at Perth in October, 1956, averaged £350.

Beaufort Bulldozer is the top sire in the U.S.A. His progeny have made history by winning male, female, supreme, and reserve supreme championships at the Chicago International Show in 1954. Calves by Bulldozer swept the boards whenever exhibited in the summer of 1955, for Edellyn, Ringwell, and Almahurst. Beaufort Bulldozer, who himself was never beaten in the show ring, was used extensively for one season in the Beaufort Herd. He was top sire at Perth in 1955, when Commodore and Chevalier sold for 5900 guineas and 2900 guineas respectively. The previous year, Beaufort Brisket sold to Australia for 3600 guineas, while Beaufort Brave Baron went to Mitikile at 3300 guineas and Beaufort Borderer to Señor Duo at 1850 guineas—giving an average of £3727 10/- for five calves.

Erimus Intrepid, another great son of Kirkton Challenger, was supreme breed champion at the Royal Show in 1955. He was sold to Mr. Anthony Hordern, Junr., of Round Hill, Culcairn, N.S.W., for an Australian record price.

Rothés Queen Amanda is the dam of Erimus Ghost, supreme champion at the Royal Shows in 1953 and 1954.

Kirkton Challenger is generally conceded to be Kirkton Baronet's greatest son.

Calrossie Paramount was supreme champion at Perth in 1955, and sold for 8500 guineas to Kyalla Pty., Greenwich Park, N.S.W. Prior to shipment, he was used on a few females at Calrossie, and it is evident that he is going to be an outstanding breeder. His full brothers include Calrossie Armada, sold to Mr. L. Cadesky, Louada Farms, Ontario, for 7900 guineas, 26 of whose progeny averaged £930 last year, and also Calrossie Defiance, sold to Major R. Moubray, Naemoor, for 4000 guineas.

Calrossie Flossy Monica, female champion at the Northern Counties' Show, is probably the best female in the herd to-day. She is a low-set red, with great substance and character. Her first calf, the heifer Calrossie Flossy Melissa, sold to Mr. L. Cadesky for £800. She is a full sister to Calrossie Highland Welcome, used with such success at Glastullich; to Calrossie Valiant, sold for 3800 guineas to Mr. J. Alexander, Aurora, Illinois; and to Calrossie Incentive, sold for the top price of 2400 guineas at Mr. J. Kemelfield's Sale at Wongala, Victoria, last year.

Ballechin Rufus is a very good, white son of the great breeding bull, Millhills Climax, who was the last son of the famous Collynie Elect.

Banchory Broadhooks 5th is a full sister to Banchory Jason, who sired so many top animals in the Millhills Herd, and also to the 3200-guineas Banchory Matador. She is a beautiful cow, and many tempting offers have been refused.

Bapton Eldorado and Millhills Zeus both did a great job in the Banchory Herd.

Calrossie Hyperbole is by Calrossie Welcome out of Roth's Flower (by Naemoor Marshal), the top-priced cow at the Kirkton Dispersal Sale, being purchased for 1050 guineas. Full of breed character, he is turning out to be a great sire at Calrossie. In his first year, he sired a Perth supreme champion—Glastullich Gay Lad (6200 guineas)—and his 13 calves averaged £1238. In New Zealand, one of his calves made the record price of 1500 guineas, and in Argentina, one of his calves made the third-top price of 110,000 pesos (£2200) at the Imported Bull Sale. His females leave nothing to be desired. His uterine brother last year, Calrossie Jacobite, made 5000 guineas to Señor Santamarina, Argentina.

Glastullich Roselle is a full sister to Glastullich Kenneth, sold for 680 gns. to Messrs. A. & W. Lambell, Weenya Stud, N.S.W., where he is breeding very well, his calves making up to £1000.

Baldowrie Aladdin was junior champion and reserve supreme champion at Perth in 1955, where he was sold to Señor Santamarina for 7000 guineas. His progeny, both males and females, are outstanding.

Baldowrie Broadhooks Hopeful is a lovely, red cow, with a beautiful head, and she is a good milker. Her sire, Phopachy Hope, has proved himself an outstanding breeder in the herd of Señor Bonadeo, where he sired a two-year-old champion at Palermo. Baldowrie Broadhooks Hopeful's first son, Baldowrie Balmoral, has been retained in the herd as a stock bull.

Pittodrie Jove, sold at Perth in 1952 for 2800 guineas, carries a double cross of Bapton Upright blood in his pedigree. Bapton Upright was a great breeding bull in his day.

Erimus Emeritus (by Kirkton Challenger, the best breeding son of Kirkton Baronet) was purchased for 6000 guineas at Perth in 1951. He was used for four-and-a-half years at Westdrums before being shipped to Australia. His sons include Westdrums Pablo, stock bull at Uppermill; Westdrums Prince Maurice, now with Mr. James White, Edinglassie, N.S.W., Australia; Westdrums Bruce, sold for £4900 in the Argentine; and Westdrums Viceroy, sold for 1050 guineas to Messrs. Held Brothers, U.S.A.. He is also the sire of the reserve female champion at the Royal Highland Show in 1955; of the reserve female champion at the R.A.S.E. Show in 1955, and also of the winning groups.

Warranted a stock-getter in terms of Article 8 of the Conditions of Sale.

This bull is a uterine brother to Baldowrie Celebrity, 2nd in his class at Perth in 1952; to Baldowrie Commonwealth, 2nd in his class at Perth in 1953, and used successfully in the herd of Major P. H. Henderson, Lawton; and to Baldowrie Charlie, sold privately to the Argentine for 900 guineas.

Baldowrie Aladdin was junior champion and reserve supreme champion at Perth in 1955, where he was sold to Señor Santamarina for 7000 guineas. His progeny, both males and females, are outstanding.

The members of this Charity family have proved themselves outstanding breeders, and are exceptionally good milkers. All the daughters of Clipper Charity have been retained in the herd.

Passed Avian Test.

Passed Complement Fixation Test for Johnes's Disease on 27th Nov., 1956.

Passed Agglutination Test for Contagious Abortion on 23rd November, 1956.

Calrossie Highland Monarch—see Reference to Sires (1).

Glamis Rothes Jean, a typical representative of the well-known, Kirkton Queen of Rothes family, is a full sister to Kirkton Grandee, retained and used at Kirkton and Phopachy.

Kirkton Baronet is a world-famous sire in the breed. The successes of his progeny are too numerous to record.

Rothes Queen Juliet was a favourite cow in the Kirkton Herd, and she was purchased at the Dispersal Sale, when 9 years old, for 920 guineas. She is the dam of Kirkton Dictator, Mr. Frank Hood's famous stock bull in Australia; of Kirkton Benefactor, the junior champion at Perth in 1945; and of Glamis Rothes Knight, the champion at Aberdeen, and sold for 1600 guineas to Mr. J. W. Lugsdin, Australia.
